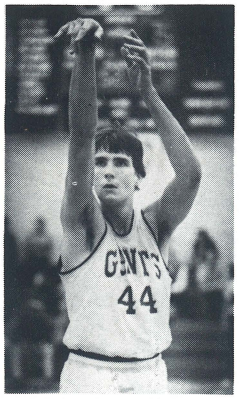
GENT OUTLOOK



Centenary suffered through its poorest basketball season since 1967 with a 7-21 overall record in 1984-85. The Gents never really got out of the starting blocks last year and Gent head coach Tommy Canterbury felt his biggest recruiting need to be at guard — both point and wing.

"We were in a situation last year where we had to go to (Albert) 'Bobo' Thomas so much, and everyone knew it, that it was impossible to get the ball inside," said Canterbury. "I think there were a number of reasons for that: #1, Thomas is only a shade taller than 6-3, so it's not as easy as if he was 6-8 or taller, #2, we didn't shoot a good perimeter percentage to free the middle, and #3, our guards had trouble feeding the ball inside even when he was open."

"On top of that," added Centenary's eight-year coach, "we crumbled under pressure in the backcourt all year, and many times we never got the ball past midcourt."

To rectify the situation on the tartan surface of the Gold Dome for the upcoming cage campaign, Canterbury and assistants Tommy Vardeman and Greg Haddox inked three guards and a power forward.

Blanton Hill, Gene Vandenlangenberg and Pete Scalia are the three guards Canterbury and Co. hope can give immediate relief in the Gent backcourt. Hill and Vandenlangenberg are both Muskogee, Oklahoma products and attended junior colleges in their home state, while Scalia hails from Beloit, Illinois.

Hill, a 6-0, 155, junior-to-be played point guard at Northern Oklahoma JC, while Vandenlangenberg was the wing guard at Eastern Oklahoma JC. The 6-0, 175 second guard averaged 15 points per outing last season, while Hill came away with 8 points and just over 6 assists a game. Scalia finished his final prep season last year with 1,831 career points and a 26.2 average as a senior. He also pulled down seven rebounds and handed out three assists per game for his 24-2 South Beloit team.

"Originally we thought out recruiting was complete with three signees (Hill, Vandenlangenberg, and McNealey), said Canterbury, "but when we saw Scalia, a big shooting guard, we liked what we saw. We were looking for that type of player to sign next year, but I'm glad he came along this year."

Fred McNealey put his name on the dotted line with Centenary back on the national signing date (April 15th), as the Gent coaches got their number one high school prospect of the year. McNealey starred both on the basketball court and track field at Sylacauga (Alabama) High. He stands 6-5, 198 pounds and he used that frame to become the Alabama state record holder in the high hurdles last year. McNealey was heavily recruited by LSU and Alabama in track, but he chose basketball and Centenary.

"We feel Fred can be a four-year contributor to our program," stated Canterbury. "He is built in the same mold as a Willie Jackson and has similar strength to Thomas."

Add these four newcomers to a long list of returnees and Canterbury turns optimistic about the coming season.

"First of all, Bobo Thomas is a great player," matter of factly states Canterbury. "Without a doubt he's the top player in our league (Trans America Athletic Conference), and he is talented enough to play in any league in the country," he added.

Thomas enters his senior year having posted 16.9 and 9.9 scoring and rebounding averages last season. "Bobo" finished 11th in the nation in field goal accuracy, shooting 61.4%. Thomas earned first team All-TAAC honors a year ago on the strength of 16 double digit scoring AND rebounding performances. He was Centenary's "iron man" during a tough season as he averaged 36.4 minutes of playing time per game. His high games came against then #4 ranked SMU and Samford with 26 points, and Thomas' top rebounding effort came at the expense of Georgia State (18).

"We proved last year you don't win many games with just one great player," remembered Canterbury. "That's why we worked hard to recruit players that could compliment him."

"I think we did that, and I'll tell you something, when Randall Davis had his game in gear, we were double trouble a year ago," smiled Canterbury. "Thomas and Davis definitely give us a good foundation underneath to build on."

Davis, a quick 6-7 postman, showed signs of brilliance in 1984-85,in particular a 20-point, 20-rebound performance in the Gold Dome versus Mercer. That feat had been accomplished by only three other Centenary players before Davis turned the trick on January 24, 1985.

Another important ingredient in the Centenary formula for success in 1985-86 will be 6-11, 225-pound center Joe Beaubouef.

"Joey is going into his junior year and should contribute in many ways for us," said Canterbury. "He has the ability to

score (15 points vs. Georgia State), and he led our team in blocked shots with 18. He needs to be quicker and more aggressive on the boards, as well as improve his consistency. I think you'll see that improvement this season."

Other returnees who will figure prominently in the Centenary lineup are: Troy Sewell, Michael Butler, Eric Padgett, Andrew Dewberry and Rodney Martin. Northeast transfer Maurice Barr will be eligible at mid-term.

Centenary needs some early season breaks to help rid themselves of the long nightmare of 1984-85, but one thing is certain. The beginning of their 1985-86 dream has come true — the slate is clean at 0-0.

TOMMY CANTERBURY — HEAD COACH

If you turned the clock back a couple of years, Tommy Canterbury would have a bigger smile on his face. His Gents would have just posted their fourth consecutive winning season back in 1982-83. Unfortunately, the clock never stops ticking, and a lot has happened since then.

A 12-16 record in 1983-84 was *not* satisfactory to Canterbury and the troops, but a major cause for that could have been a tough non-conference schedule — Oklahoma State, Kansas State, SMU and Cal-State Fullerton.

That slip, turned into a slide a year ago, as Gent fortunes fell to 7-21.

"We tried during the off-season to convince everyone that our record was 21-7," smirked Canterbury; "it just depends which way you look at it."

Any way you look at it, the 1984-85 season was not full of fond memories.

"We had a feeling going into last year it would be struggle," Canterbury added. "Any time you lose a player the caliber of a Willie Jackson (Centenary's all-time scoring leader), you better recruit a bus load of good players, or ..."

"Overall our number one problem was quickness and depth at guard," said Canterbury. "We also had inconsistent play at the post position. And to top that off, our team speed was the slowest of any squad I've ever had. So when we fell behind early, we had little or no chance to catch up."

Canterbury, the only coach Centenary has known since the inception of the Trans America Athletic Conference in 1979, has guided the Gents to a 36-40 mark in the regular season and 7-5 in post-season tournament play. Since 1979, Tommy Vardeman has patrolled the Centenary sideline as the Gents' top assistant. Canterbury and Vardeman teamed up to win the TAAC Tournament in that inaugural season of '79. Larry Bagley joins the Gent staff this year, replacing Greg Haddox, who is now an assistant at Louisiana Tech.

"Our coaching staff relationship is as comfortable and positive as there is anywhere," said Canterbury. "T.V. (Tommy Vardeman) and I have been very close friends for the last 13 years and I'm glad Larry was available when Greg (Haddox, Gent assistant 1983-85) went on to Louisiana Tech this summer. Larry knows the ropes and has the contacts to help us recruit in South Louisiana."

"Every year our conference has gotten stronger," said Canterbury. "I'm sure it will be tough again this season, and even though Arkansas-Little Rock appears to be the pre-season team to beat, there are a number of teams who will contend. The race has never been a cake walk."

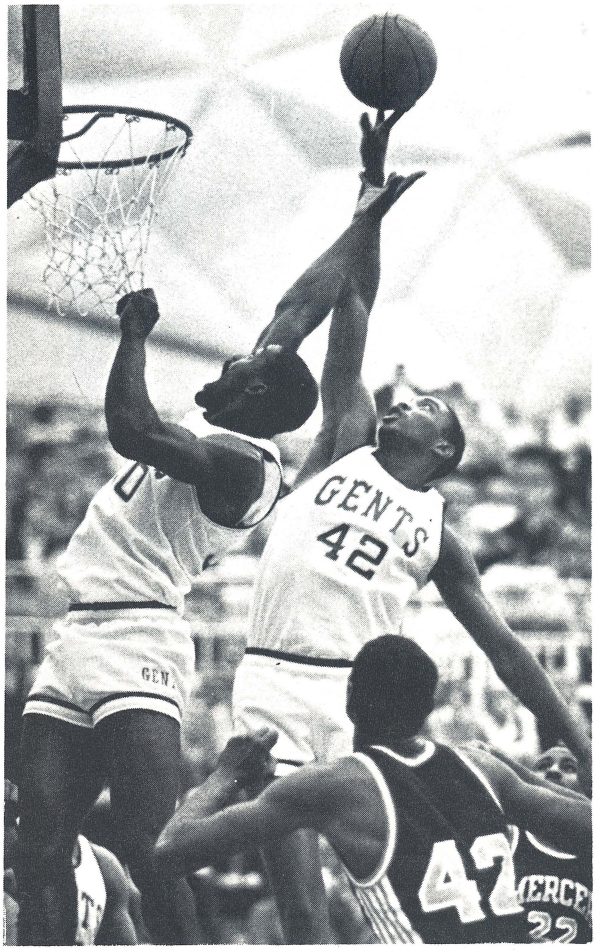
Although Canterbury does not smile much when he speaks of the 1984-85 season, he is pleased with the increasing number of Centenary basketball players who are graduating. In the last four years 14 of 16 senior basketballers have earned their degree.

"Academics has always been a top priority at Centenary," said Canterbury. "And it should be; however, such high standards result in a more structured recruiting philosophy. I know that this high academic and athletic combination has hurt our record the past year or so, but I'm still proud that we are producing quality people."

Of Canterbury's 16 years in the high school and college coaching business, 14½ of them have been as a head coach. The Simsboro, Louisiana, native began his career at Dodson (La.) High, and the next year he moved to Springhill (La.) High. At the helm of the Lumberjacks, Canterbury coached Gents-to-be Cherokee Rhone and Bobby White. Rhone, after a stellar career at Centenary, is currently playing for a team in Belgium in the European Basketball League. In seven seasons as a high school head coach Canterbury averaged 20 wins a year and was named "Coach of the Year" three times.

Since becoming a college coach, Canterbury has toured Europe and Africa four of the last six years. His teams are 23-2 in international competition.

Canterbury also finds time to host a daily sportscast at KEEL Radio. He is married to the former Carol Ann Thornhill of Columbia, Louisiana, a physical education teacher at Bossier Parish Community College. They have an 11-year-old son, Chad.



CANTERBURY hopes he does not have to juggle the Gent lineup much this season. Starters Albert Thomas (30) and Randall Davis (42), who had 20 points and 20 rebounds in this game against Mercer, return from a year ago.

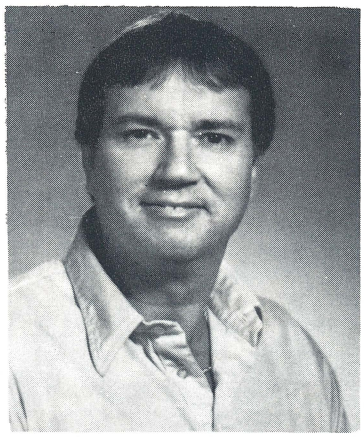
GENT ASSISTANTS



TOMMY VARDEMAN

Entering his seventh season as an assistant on the Centenary basketball staff, Tommy Vardeman is hoping to get more exercise this year — on game nights that is.

Vardeman says two factors contributed to his lack of activity a year ago. Those being the new coaching box that borders the team bench and Centenary's poor play in 1984-85.

"I realize the NCAA thinks the coaching box is good for the game," said Vardeman, "but it's not doing a thing for my waistline."

"If your team is in a tight game, it usually means the coach is up-and-down on the bench, hollering, running, jumping and kicking," said Vardeman. "You know, whatever it takes to win."

Vardeman, who graduated from Stephen F. Austin State University (1965), was named as assistant coach at the start of the '79-'80 season. Since Tommy Canterbury and Vardeman joined forces, the Gents are near .500, having won 83 games and lost 88.

A native of Center, Texas, Vardeman is known for his quick wit and radiant wardrobe, although he has tried to tone down his attire in the last couple of years.

"If I knew it would help us win games and that my wife wouldn't disown me," said Vardeman, "I'd go back to all the bright colors. Maybe I'll pull some outfits out of the closet for big games this season."

During his 19 years in the basketball business, Vardeman, like most veteran coaches, learned the trade coaching in high school and junior college, before making the college scene.

His coaching career began at Cleveland (TX) High School. After one season there, he spent the next three years at Crosby, Channelview and Liberty-Eylau High Schools, where his teams compiled a record of 76 wins and 36 losses.

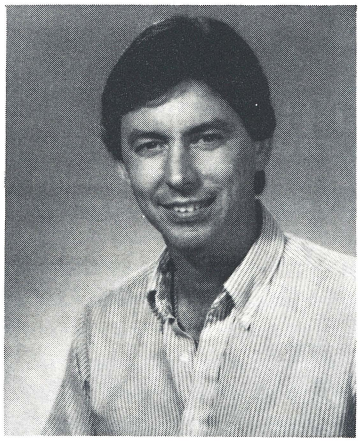
While completing his master's degree in education in 1970, Vardeman was a graduate assistant at Louisiana Tech. He then moved on to Missouri Baptist Junior College for one year, followed by two more at Henderson State University in Arkansas, before returning as the head assistant at Louisiana Tech for the next four years.

Having seen enough shots roll off the rim for a while, T.V. left the coaching ranks to pursue a career in the wholesale jewelry business. A year later Canterbury and Centenary gave him a call.

Vardeman, 42, has been known to keep a writer or two busy with his quick one-liners, but the Country and Western music lover feels at ease on the court and enjoys his work — especially when he gets to exercise a lot.

Standing 6-4, Vardeman played two years at Stephen F. Austin, but a high school knee injury in football eventually forced him into the coaching ranks — what you might call a great break for Centenary.

While in college Vardeman met his wife, the former Sharon Crocker of Garland, Texas. They have two daughters, Juli 18 and Jennifer 15.



LARRY BAGLEY

After 14 years of high school basketball coaching, Larry Bagley decided to give the college game a try. When Tommy Canterbury began searching for a new assistant coach to join his staff last spring, he knew Bagley was the man he wanted.

During Bagley's tenure at Logansport High the Tigers compiled a 314-138 record and won six district championships and three zone titles. Bagley was named disctrict "Coach of the Year" six times, as well as three times at the parish level.

"Larry's record speaks for itself," said Canterbury. "I feel he will do a super job for us, and he certainly has the experience to step in and keep the ball rolling. I'm very happy he was able to join our team."

Bagley, 36, played college basketball at Southeastern Louisiana and Baptist Christian College, At 6-5, 215 pounds, he set the scoring record as a member of the freshman team at SLU. Bagley transferred to Baptist Christian as a junior, where he finished his career and earned a B.A. degree in Elementary Education in 1971. His final year there Bagley was voted MVP in the conference.

In 1976 Bagley received a Masters in Education from Stephen F. Austin.

"College coaching has always been in the back of my mind," said Bagley. "Sometimes I wasn't sure if it was ever going to happen for me, though."

Bagley, who will also coach the volleyball team at Centenary, is glad the time was right — and so are the Centenary Gents.

He is married to the former Joye Averett, and they have four children: Haley 8, Reagan 7, Lauren 5, and Ryan 1.

CENTENARY THE OLDEST COLLEGE WEST OF THE MISSISSIPPI

A liberal arts college exists to enhance the quality of life for its students and, through them, for society. The liberal arts, by tradition, free the mind from dogma and intellectual conformity in order that students may realize their fullest potential as individuals.

Centenary College is a liberal arts institution which provides superior education for students capable of intellectual leadership and for those who can benefit from study in an academic community where excellence is encouraged and individuality is respected. Such a community is fostered by the residential nature of the campus, an important factor in the development of the Centenary educational experience.

Centenary seeks to provide its students with a basic understanding of human affairs and problems; to motivate them to think clearly, honestly, and constructively and to communicate effectively; and to introduce them to the arts and sciences, that they may enjoy the best of the heritage of civilization.

Centenary places emphasis on preparations for various professions, both those for which a student can be prepared during his undergraduate career and those which require further graduate and professional study.

As an institution of the United Methodist Church, Centenary believes that knowledge and religious faith have to be linked if one is to enhance the meaning of the other. The College strives to challenge its students to serve society by exemplifying the highest Christian ethic. Our educational philosophy is thus supported by and founded on a Judeo-Christian heritage which emphasizes the wholeness of human life, the interrelatedness of knowledge, and the dignity of man.

Established in 1825 as the College of Louisiana, in Jackson, the school merged in 1848 with Centenary College, which had been founded six years earlier by The Methodist Church in Clinton, Mississippi. In 1908, accepting a generous offer of land and support from the Atkins family and a group of friends, the College moved to Shreveport.

Centenary College is fully accredited by the recognized regional and national agencies and is approved by the University Senate of The United Methodist Church. Centenary is a member of the Southern Association of Colleges and Schools.

With a student/professor ratio of fourteen to one, the classes at Centenary range in size from thirty students in popular introductory courses to six to ten students in junior and senior seminars.

Centenary College is especially and justly proud of its faculty, many of whom are nationally and internationally known authorities in their fields of study. Over two-thirds of the faculty hold terminal degrees. Eleven members of the faculty and staff have earned the coveted key of Phi Beta Kappa. Thirteen have the honor of membership in Omicron Delta Kappa.

Within the past decade Centenary professors have been awarded an impressive number of research fellowships and study grants by the American Council of Learned Societies, the American Philosophical Society, the Henry E. Huntington Library, and the National Endowment for the Humanities. (There have been ten NEH awards to Centenary professors.) During that same period, Centenary faculty members have also been honored as Danforth Associates, Fulbright lecturers, national officers in professional associations, and visiting professors in American and European universities.

Shreveport is located on the west bank of the Red River in Northwest Louisiana. The metropolitan area has a population in excess of 300,000 and forms the geographical, cultural, and economic center of the region known as the Ark-La-Tex.

The climate of the area features pleasant spring and fall temperatures, consistently warm summers and mild winters, with cold periods of short duration. The average annual temperature is 66° Fahrenheit. Residents enjoy outdoor sports and recreation throughout the year.

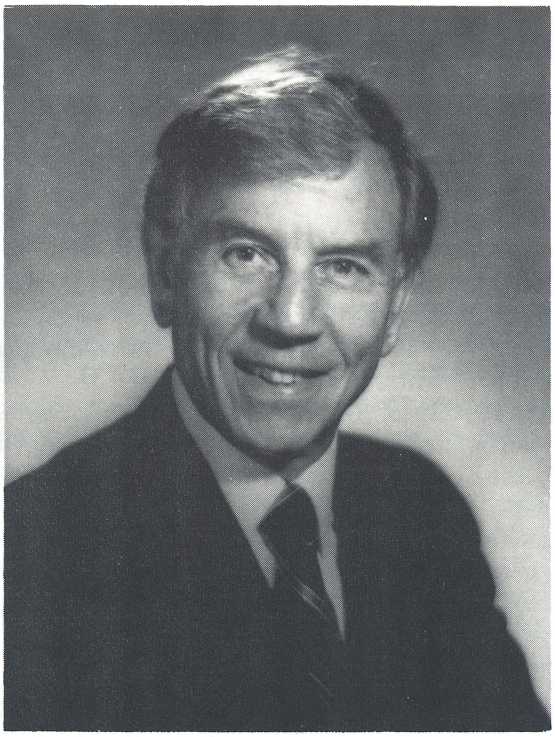
The Shreveport area is a major producer of oil and natural gas.

Another important part of the local economy is Barksdale Air Force Base, the headquarters of the Eighth Air Force and one of the largest bases of the Strategic Air Command.

The city has many fine medical and health care facilities, including a state medical center, school of medicine, and seven general hospitals.

Centenary College and members of the Shreveport community enjoy joint participation in cultural events. Opportunities in athletics, theater, musical events, opera, dance, and the visual arts are offered on and off campus.

The sixty-five-acre campus of Centenary College, two miles south of downtown Shreveport, is widely known for its natural beauty and stately Georgian architecture.



DR. DONALD A. WEBB
PRESIDENT

Centenary's commitment to athletics is a lifestyle both old as ancient Greece and fresh as daybreak. Perhaps it was the Roman, Juvenal, who put the conviction best: "mens sana in corpore sano"; and a sound mind in a healthy body is the crux of education.

That is why we put the College's heart and full resources into it; athletics enables excellence, and we are committed to that.

As for the daybreak bit, come to the Gold Dome Complex and hear the support. The image that springs to mind is Kipling's "the dawn come up like thunder." Athletics draws better than anything the enthusiasm of the campus and the city and provides a fine focus for both their recreation and their common loyalty. Athletics creates a good community, and we are committed to that.

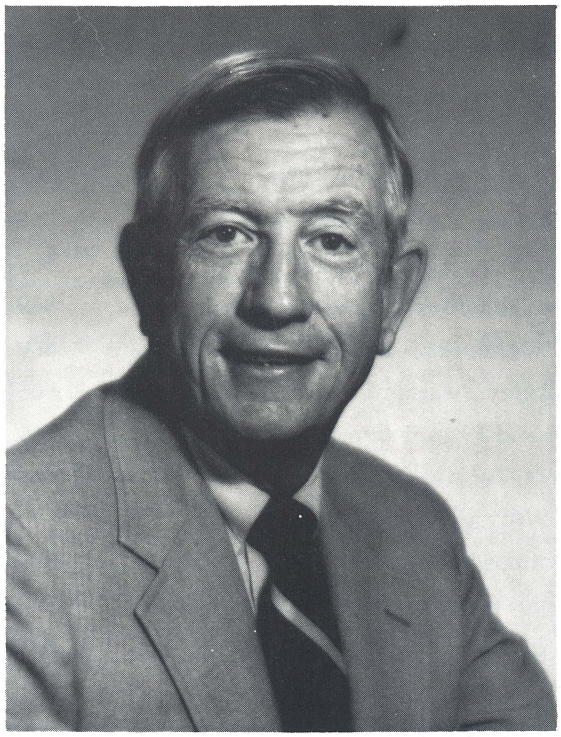
In 1977 as Centenary's new president, Donald A. Webb brought with him those traditions of excellence and pride of community to which the College is so deeply committed.

Born in Wales and raised in England, President Webb was educated at King's School in Peterborough, and at Cambridge University. He spent eight years in the Royal Navy, the last three as commanding officer of HMS Switha.

In 1958 he brought his wife, Renee, and their five children to the United States; and after graduating with honors from Ohio Wesleyan University, he earned his Master of Divinity Degree from Methodist Theological School. In 1966, he earned his Ph.D. in Literature and Theology from Drew University, where he also coached the rugby team.

He served as Vice President and Professor of Theology and Literature of the Methodist Theological School for 10 years before coming to Centenary as president.

Since that time, Dr. Webb has made a distinct impression on Centenary and the community as a man of commitment — at work and at play.



WALT STEVENS
ATHLETIC DIRECTOR

Walter C. Stevens, Jr., beginning his fifth year as Centenary College's athletic director, is the man responsible for coordinating activities and fund-raising for the athletic department.

A native of Macon, Ga., the retired Air Force Colonel of 30 years graduated from the United States Naval Academy in 1951. He later earned a master's at Louisiana Tech.

In his four-year service at Centenary, Stevens has been instrumental in the completion of a six-court $180,000 tennis complex and the paving of parking areas close to the Gold Dome Complex.

Under Stevens' direction, Centenary's athletic teams earned the first-ever Jesse C. Fletcher Award in 1983-84. The award distinguishes the Trans America Athletic Conference school with the strongest athletic program during a year.

Stevens came to Centenary in February of 1981 and went to work as the Development Counselor in charge of raising academic and athletic scholarships. The following August he was appointed athletic director.

"We believe Centenary athletics is a cause for excitement, as our programs are the only source for intercollegiate sports in Shreveport-Bossier," Stevens said.

"In 1985-86, we will sponsor eight NCAA sports for men and six for women. The men's sports are: basketball, baseball, cross-country, golf, riflery, soccer, tennis and volleyball. Our women participate in cross-country, golf, gymnastics, riflery, tennis and volleyball."

Stevens coached freshman basketball and baseball from 1957-60 at Georgia Tech and studied under the legendary Bobby Dodd, who coached there for 30 years.

He is married to the former Caroline Stillwell of Macon. They have two sons and three daughters. Katherine, Stevens' youngest daughter, graduated from Centenary this past year.

PAT BOORAS
SPORTS INFORMATION DIRECTOR

Entering his second year as the Sports Information Director at Centenary, Pat Booras handles all media and publicity releases of Gent athletes, as well as promoting the athletic department in various capacities.

Booras officially joined the Centenary Staff in September of last year, but his ties with the school and its athletics began in 1979. As a Centenary student, Booras worked in the sports information office for four years, traveling with the Gent baseball team as its statistician. His last two years in school, Booras headed baseball broadcasts on KSCL (91.3 FM).

Booras, 24, graduated with honors from Centenary in May of 1983 with a bachelor's degree in accounting. He worked for Roberts, Cherry & Co. CPA's until his appointment at Centenary.

A native of Shreveport, Booras also has experience in sports outside of Centenary. He has covered high school football in the Shreveport-Bossier area since 1978 for *The Times*. Booras worked one season with KRMD Radio as an analyst for its high school football broadcasts, and last spring his daily sportscast aired on KVKI Radio.

For the second straight year, Booras will handle the play-by-play of Cedar Creek (Ruston) football games on KPCH Radio, as well as host *The Tommy Canterbury Show* on KEEL.

THE GOLD DOME COMPLEX

The geodesic Gold Dome, constructed in 1970, is a landmark located just south of the main Centenary College campus. Besides housing the Centenary basketball team, the Gold Dome is a multi-purpose facility, constructed at a cost of $1.3 million plus equipment.

With a seating capacity of 4,000, including cushioned armchairs on the upper level bleachers on both sides of the court, the Gents have a home court seldom equaled by schools of its size.

Unique features of the structure include a Tartan floor, indirect lighting and the attractive gold anodized aluminum dome. The completely air-conditioned facility contains office space for the athletic and physical education departments, two classrooms, including one of the theater variety, and four large carpeted dressing rooms.

Like the building itself, the basketball court is a multi-purpose area, easily converted into two crosscourt basketball courts, or eight volleyball courts, or 16 badminton courts. At the east end of the building are two championship handball courts, complete with spectator windows.

The dome was designed by the Shreveport architectural firm of Somdal-Smitherman-Sorensen-Sherman and Associates. Whitaker Construction Company of Shreveport was the contractor, while the Temcor Company of California erected the gold-colored dome.

ORIGIN AND HISTORY OF THE TRANS AMERICA ATHLETIC CONFERENCE

On September 19, 1978, eight NCAA Division I basketball schools formed a new Conference, named the Trans America Athletic Conference. The charter members were Centenary College, Hardin-Simmons University, Houston Baptist University, Mercer University, Northeast Louisiana University, Oklahoma City University, Pan American University, and Samford University. Oklahoma City University and Pan American University left the Conference during the 1979-80 school year. Georgia Southern College and Northwestern State University of Louisiana became new members of the TAAC in 1979, and the University of Arkansas at Little Rock in 1980. Northeast Louisiana left the TAAC in 1982. Nicholls State University joined the TAAC in 1982 and Georgia State University in 1983, while Nicholls State and Northwestern left in 1984.

In October 1978, the Conference received its allied conference status from the NCAA, which gave the TAAC full voting privileges at the NCAA Conventions, and it was the first step in meeting the NCAA criteria for automatic qualification for the NCAA Division I basketball and baseball championships.

Dr. Jesse C. Fletcher, President of Hardin-Simmons University, one of the organizers of the Conference, was elected the first President of the Conference. Cliff Wettig, of Samford University, was the acting Commissioner until June 30, 1979. On July 1, 1979, Bob Vanatta was selected as the first full time Commissioner.

In October 1983, Louis G. McCullough, one of the most respected and successful administrators and organizers in college athletics, became the second Commissioner of the TAAC. McCullough served as Athletic Director at Iowa State from 1971-83 and was highly visible in that role because of his incredible accomplishment in turning around a floundering Division I program. He also spent nine years at Ohio State as the defensive coordinator and recruiting coordinator. Prior to that he served as the number one assistant football coach at Iowa State. He has also coached at Indiana, Wyoming, and Wofford College.

The first Conference competition was held in basketball, with the TAAC tournament at Northeast Louisiana University, Monroe, Louisiana, March 1, 2, 3, 1979. The first tournament was won by Northeast Louisiana University, led by All-American Calvin Natt. The Indians then received a bid to the 1979 National Invitational Tournament (NIT), and lost to the University of Virginia on a final shot.

The Conference played a round-robin basketball schedule and tournament during the 1979-80 season, with Centenary College winning the championship. A divisional round-robin schedule and tournament was played during the 1980-81 season, with the conference tournament played in Shreveport at the Hirsch Coliseum. Starting with the 1981-82 basketball season the Conference played a double round-robin schedule with a Conference tournament played at Northeast Louisiana University.

Conference championships were first held in baseball, golf and tennis in the spring of 1979. Mercer University won in baseball, Centenary in golf, led by Walker Cupper Hal Sutton, medalist, and Oklahoma City University won the first tennis championship. 1979-80 saw two new conference championships conducted for the first time, with cross-country and soccer starting in the fall of 1979. Northeast Louisiana University and Pan American University tied for the cross-country title and Hardin-Simmons University won their first TAAC championship in soccer in 1979. Centenary won their second golf title in the spring of 1980; again Sutton was medalist. New member, Georgia Southern, won the title in baseball and was awarded an NCAA bid. Northeast Louisiana University won the conference tennis tournament. Centenary and Georgia Southern were both invited to the NCAA golf championship, both finishing in the top ten, Georgia Southern sixth and Centenary ninth. The TAAC received its first automatic bid to the NCAA baseball championship in 1982. Hardin-Simmons won the TAAC tournament, but lost to Texas and Eastern Michigan in the NCAA.

Last year Georgia Southern took the TAAC regular season title, but Mercer won the conference tournament and a trip to the NCAA's. The Bears were upended by Georgia Tech.

ALL-AMERICANS

In the long and storied history of basketball at Centenary College, four players have received All-American honors over the past 32 years: Connie Mack Rea in 1953, Burl Plunkett in 1984, Tom Kerwin in 1966, and Robert Parish from 1974-76.

Connie Mack Rea was named to the Helms Athletic Foundation All-American team in 1953. The 6-foot-3 175-pound forward played for Centenary from 1951-53. He currently ranks 24th on the Centenary all-time scoring list with 828 points.

"He's the finest baseline driver I've ever seen at Centenary or anywhere else for that matter," Bill McIntyre, a sports writer for *The Times*, said about Rea. "He would drive down the baseline, reach under from behind the backboard and flip the ball in from underneath the backboard."

Burl Plunkett was named to the Helms Athletic All-American team in 1954. Plunkett was a 6-foot-5 forward who scored 750 points ranking him 30th on the all-time scoring list from 1953-55. In addition, he led the team in scoring during the 1953-54 season averaging 17.9 points per game. He scored three 30 point-or-more games and scored a career high 35 points against Arizona State in 1953.

"He came from Oklahoma and was involved in the rodeo," Jerry Byrd, a sports writer for the *Shreveport Journal*, said. "He was a raw-bone-old-boy who had a good jump shot and was a good rebounder."

Tom Kerwin was named to the Helms Athletic Foundation All-American team in 1966. Kerwin was an outstanding 6-foot-7 center who broke several individual career records during his playing days, 1963-66. He currently ranks third in points scored with 1,910, fourth in rebounding with 748, and first in most 30 point-or-more games with 24.

In addition, he holds several single season records. He ranks first, second, and fourth on the single season leaders list with a 27.9, 25.2, and 24.2 scoring average, respectively. Plus he's listed 12th in rebounding with a 11.0 per game average for the 1964 season. He scored a career high 47 points against Louisiana Tech in 1966 and scored four 40 point-or-more games.

"Kerwin had a soft picturesque hook shot," Gerry Robichaux, sports editor for *The Times*, said about Kerwin. "He had a fluid shot and a good temperament. He was a very complete player and very smooth at his position (center)."

Robert Parish, a star center for the Boston Celtics, was named to five All-American teams from 1974-76. He was named to the Citizens Savings Athletic Foundation All-American team in 1974 and 1975, Street & Smith's All-American team in 1975, the Independent All-American team in 1975, and the College Basketball All-American team in 1976. In addition, he was named to the Associated Press Second Team All-American team in 1976.

Parish set several individual career, single season, and game records during his four years at Centenary. He is second on the list behind Willie Jackson with 2,334 career points and first with 1,820 rebounds. He holds the individual single season record for most field goals made in a season (1975-76) with 288. Plus, he set the individual single game record for most points scored in one game with 50 against Lamar in 1972, most field goals attempted with 37, most field goals made with 25, and most rebounds with 33.

"Parish was an intimidator as a defensive and offensive player," Byrd said. "He was a great shot blocker and he was capable of taking control at both ends of the court. When he poured it on there wasn't anyone better."

OUR NICKNAME

The unique nickname "Gentlemen" was first established in the fall of 1922. With the majority of Centenary men also soldiers, the moniker "Gentlemen" was a proud, looked-up-to name and a logical choice. A tongue-in-cheek account that first mentioned the new nickname appeared in the 1923 Yoncopin (Centenary yearbook) in that season's football summary:

". . . The boys were beginning to round into pretty good form by this time and as several recruits had been recently added we were beginning to resemble a real college football team.

"Yet there was some doubt on the eve of the first game. Reports from the Marshall camp had them recruiting from the boiler factories and we were made to believe that the Marshall team was coming to Shreveport to mop-up with the "Gentlemen." (You see we had just taken the name of the "Centenary Gentlemen" and far be it from us to start a dispute just at that time).

"Well, we put on our best manners but just couldn't help from running up a seventy-seven to nothing score . . ."
